Orders faithfully received and promptly attended to.

FRANCIS POE,
ATTORNEY AND COUNSELLOR AT LAW,
AND PROCTOR IN ADMIRALTY,
Office, No. 10 Court Block, Merchant Street, and 182 Clay
Street, San Francisco. J. 21

Correspondence of the Fireman's Journal.
New York, Dec. 22, 1855.

Grand balls, fine suppers etc., are the all absorbing topics of the present. On Thursday evening 7th inst., the Sons of St. Nicholas, had a joyful time at the celebration of their annual dinner, which was given at the Delmonico's.

The Hon. John Van Buren was one of the first and foremost, and made himself quite entertaining to the guests, in the shape of a speech. Several toasts were read by the President of the Society, Mr. De Peyster, among those responded to were, New Amsterdam, by Rev. Doctor Vinton, in an elaborate speech. The Army and Navy, was appropriately answered by Col. Swords, and the Union of States, and the Union of Blood, by Rev. Doctor Vermilye.

The Presidents of St. George's, St. David's St. Andrews and the German and New England Societies, and the ex-President of Columbia College, Mr. Duer, were present, and made brief addresses. A letter from ex-President Van Buren was read, the health of Mr. Delmonico drank. The President of the Society also made a speech, and the pipes were lighted. The smoke ended, and new officers elected, they dispersed at a late hour.

HOPE CHAPEL,
Has had rather a serious purifying. It was recently discovered to be fire. The rear, where the fire originated, was considerably scorched. The fine Piano belonging to the Chapel was entirely consumed. The whole damage, amounted to \$1500 or \$2000, which was covered by insurance.

DR. FRANCIS.

This distinguished Physician and Surgeon, the President of the Medical Board, had a compliment paid him by the attending physicians and surgeons of Bellevue Hospital, who have requested him to sit for his portrait for the benefit of the Institution. Mr. Wengler is to be the Artist.

The supper room was highly decorated with American flags, streamers and transparencies. The table was at the upper end of the hall, at which sat the President and invited guests. Seated behind the Chairman from the ceiling was a large crimson cloth, and written on it in large white letters, was "Union." Large American flags were on the right and left, and the walls were covered with others. Quite conspicuous at the lower end of the hall was the American shield on a blue field, and inscribed above it in letters of gold, was "Sam Independent." Along the centre pillars of the hall were run streamers, and near the guests table, at the upper end, were two triangular transparencies, which read, "Our Country is Safe, when in the hands of our Countrymen—Native Americans." On the other with a star, "Our Aim is Victory." In the other parts were, "Excelsior Sam," "The Dark Lantern gives Light," "We Know Nothing," "God and Liberty," "Light Shines in Darkness," etc.

The supper was promised at 9 o'clock, but there was always a delay, it was not ready until 10 o'clock, at the first part of which the most of the toasts were given in silence, but not so after unbinding the wine, then their tongues began to get limber and they responded to freely.

Speaking and dancing were kept up to a very late hour, and many go home in the morning if they were able to find their way.

MAL PRACTICE.

About two years since a verdict was obtained against a Dr. Snell for \$2,000, for bandaging the fractured arm of a young man so tight that it mortified and dropped off. That judgment was set aside, and the case carried to the Circuit Court of Brooklyn, where another verdict of \$3000, was obtained a few days since.

CRYSTAL PALACE.

The public has been not a little excited of late, by the trial of Lewis Baker for the murder of Poole, and the murder of the Captain and Mate of the schooner Eudora, by Wilson, the Negro cook, has been commented on a good deal. The Negro is still in jail at White Plains, and there is not the least doubt of his guilt; but as there is no evidence sufficient to convict him, it is probable that he will get clear altogether. Baker's trial was a long and tedious one, and has amounted to nothing. The public generally, were not disappointed. Long before the conclusion, it was thought and asserted that the jury would not agree.

CRISTAL PALACE.

The purchase and removal of this spacious building to some other city (as has been feigned by many), is not likely to occur. At a meeting of the American Institute recently, the trustees appointed a Committee to enter into negotiations for its purchase. The sum for which it can be obtained, is \$125,000; this includes Kiss' Amazon, a Cabinet of minerals and some other curiosities. A subscription was proposed by the Trustees to raise \$40,000, their present resources not being sufficient to purchase it. The gross receipts of the late Fair as appears from the report of the Finance Committee were \$27,000.

C. VANDERBILT.

Lately at the Metropolitan Hotel, Mr. Edward A. Lawrence, son of Hon. Cornelius W. Lawrence, was united to the daughter of ex-Mayor Mickle. About eight hundred guests were present. The most distinguished among them were Hon. Mr. Denver, M. C. of California, Senator Crittenden of Kentucky, ex-Senator Dickinson of New York, Commodore Nicholson, Judge Roosevelt, General Esmond of Mexico, Mr. Stanhope, Prost of Lima, Hon. Robert J. Walker, Hon. Chas. H. Morgan, Hon. Preston King, Captain Charles H. Marshall, General Talmage, Mr. Thomas F. Meagher, ex-Mayor Kingland, and many distinguished citizens. The whole of Messrs. Leland's establishment was thrown open in honor of these nuptials.

NIBLO'S GARDEN.

The Niblo Family continues to draw large audiences at Niblo's. Their popularity is as great as ever, and Mlle. Robert, the new dancer, is quite fascinating and finished in her performance.

ACADEMY OF MUSIC.

Since lowering the prices of admission, the audiences have increased in number, as well as interest, at this magnificent building. The performances of Madame La Grange, and Mlle. Dides, continue, respectively, capt. riveting, and wins rounds of applause.

SNOW.

Last Friday we had a nice little snow storm the ground was covered sufficiently to have a good ride, and the opportunity was not lost by the lovers of such pleasure; but it was short and sweet. The next day brought rain, and away went the fun. The holidays are coming down upon us very rapidly, a little snow then with some light weather would make right pleasant times for us.

Santa Claus is talked about a good deal. His advent is being looked forward to with great glee by the little ones. The Ma's are asking the P's for plenty of money, that the little stockings may be filled with something besides feet.

EVERTT.

A correspondent of the Boston Journal, writing from New York, tells the following:

"An incident transpired here last week that made some talk among the parties who have had knowledge of the matter. A lady from the state of Maine came to this city last week on her way to California. She has arms, two revolvers and a bowie knife. The conductor purchased her a ticket in the California steamer, and she left in the vessel at noon. Her story is this: A short time since, her husband obtained possession of all her property, and converted all he could into gold, and then deserted his family, left a ship, and started for the land of gold around Cape Horn.

But this is not the whole. He took with him a female, not his wife. Injured and maddened, the wife has started after her recreant lord; not from love, but from hate; not to recover possession of her deserting husband, but to administer a deserved chastisement, not to take him back, but to shoot him down, his companion in crime, weather and steam, running him to the ground California sometimes in advance of her abounding mate. He will, no doubt, be rather surprised to meet her ladyship at the California landing, and unless sea-nicknames shake the wrath out of her, the meeting will not be one of the most conjugal that can be imagined."

RECOGNE.

European cities are said to be perfectly infested and run down with this style of humanity. Judging from the description received of the Trans-Atlantic cities, New York must be approaching a similar beggarly state. Once private and over devout hours are disturbed by their important solicitations. God's appointed day of rest, is not so to them. Whenever you go in steamboat, railroad cars, etc., you cannot miss them. They over and over find their way into offices and places of commercial and financial business.

THE WEATHER.

The weather during Autumn and the commencement of Winter to Sunday the 9th inst., has been remarkably fine and mild. The Almanac makers were supposed to have made a mistake in their calculations. Over coats and mittens began to be thought poor investments. The ladies have had delightful times in Broadway with their hoops. They will be obliged to get up a convention to petition for more commodious omnibus, those now in use hold about five on a side, and six is the number advertised to take.

The storm on the 9th of wind and rain, was almost a hurricane, by which a great deal of damage has been done. The Observatory on Wolfert Hill, White Stone Avenue, Flushing, was blown down by it. Many of our citizens considered it a favorite place of resort.

HOPE CHAPEL,

Has had rather a serious purifying. It was recently discovered to be fire. The rear, where the fire originated, was considerably scorched.

The fine Piano belonging to the Chapel was entirely consumed. The whole damage, amounted to \$1500 or \$2000, which was covered by insurance.

DR. FRANCIS.

This distinguished Physician and Surgeon, the President of the Medical Board, had a compliment paid him by the attending physicians and surgeons of Bellevue Hospital, who have requested him to sit for his portrait for the benefit of the Institution. Mr. Wengler is to be the Artist.

Is published every Saturday Morning,
At corner Clay & Kearny sts., or over old Post
Office.

It will be regularly served to subscribers in San
Francisco every Saturday morning at an early hour,
for FIFTY CENTS per month, payable to the carriers.
Subscribers will be furnished by mail for five dollars
a year, payable in advance. Two copies sent to one
address, will be charged eight dollars.

Persons in the city who wish the paper left at their
residences, will be served on leaving their names at the
publishing office.

Advertisements and advertising notices inserted at
New York prices.

The FIREMAN'S JOURNAL is for sale on the day of
publication, and for a week thereafter, by
Mr. Ullman & Co Post Office Arcade,
Geo H. Leland & Co, Post Office Arcade,
John H. Spill, 88 Kearny street,
Doran & Merriam, 176 Clay street.

The article in last week's issue relative to
the Secretaries of the Department, has had
the effect of inducing several of the delin-
quents to call upon us for the purpose of ex-
plaining away their share in the neglect
complained of. We must acknowledge that
the reason given by several of them for not
sending in the names of members for certi-
ficates at the time of their election, that the
members so elected, do not pay two dollars,
the amount prescribed by the Department,
for every certificate issued is a good one. The
Secretaries state that when they once pay
out of their own pockets the sum necessary
for a certificate, it becomes a permanent in-
vestment and they never receive principal or
interest. We know this to be the case, and
we do not see what right members of a com-
pany have to claim such a favor from the
Secretary. A member, just elected in a
company, should be informed clearly and un-
mistakably what there is incumbent upon
him to perform to entitle him to all the privi-
leges of a member of the Fire Department,
and the Secretaries who are the parties most
interested, should watch with care that the
constitution of their Companies and the laws
of the Department are complied with. The
only remedy in this particular case that we
can suggest to the Secretaries, is for them
each to keep a memorandum book of the
names of the members who pay and who do
not pay for their certificates at the time of
joining their respective Companies, and then
when they complain of lost time by reason
of the neglect of Secretaries, refer them to
the laws of the Department governing the
same, and then call their attention to the
memorandum book in question, to convince
them that they have not complied with the
laws of the Department in a most essential
particular, and our opinion is, that the
complaints against Secretaries would not be so
numerous as they are now, altho' the latter
are by no means without blame. By a perfect
understanding with the Secretary of the De-
partment, and a prompt attention to business
the entire routine of its affairs can be carried
on successfully and profitably as regards time
to all concerned.

The Board of Delegates, most wisely and
judiciously at its late meeting, indefinitely
postponed the day of parade of the Fire De-
partment. There were three excellent rea-
sons to prompt the members of the Board to
come to that decision. First, the inclemency
of the season of the year. Second, the ter-
rible condition of the streets. Third, the state
of the finances. The Department at the
present time being entirely too poor to
bear the burthen of the expense of a parade,
which would not fall short of ten thousand
dollars. We now consider that the yearly
parades of the Fire Department are at an end,
and if there are any more for the future as a
Department, they will not occur more than
once in every two or three years. If the
question of parade was put to vote in the De-
partment nine-tenths of its members would
vote to sustain the action of the Board of
Delegates in respect to the matter.

The tirades of abuse heaped upon the Jury
in the Cora case, by a portion of the daily
Press is perfectly sickening. Because fire-
sooth, two or three wits of the Press
saw fit to form opinions, arrive at conclusions,
and pronounce judgment without evidence to
base them upon, they seek to bring discredit
upon the Jury for having the temerity not
to sustain them in their misconceived state-
ment. It is not at all surprising that business
men, conscientious men, and men who
feel any self respect, skulk, and shrink and
conceal themselves when a sheriff's officer
comes to summon them on a Jury. It is no
wonder they read with avidity every line that
is printed in regard to transactions occurring
in their midst so as to form opinions to re-
lieve themselves of the gross abuse heaped
upon them, and the vile attacks aimed at
them, because they will not perjure them-
selves to accommodate two or three crooked brained
philosophers who have certain ends to accom-
plish. The abuse which has been showered

on the Cora Jury, is outrageous, and should
be condemned by every lover of law and order,
and impartiality. The usual charges of
bribery, corruption and perjury teams against
them, without the slightest shadow of justice.
What inducement is there for such high
minded and honorable men as Forbes, Olm-
sted, Hale, Vail, Holmes, Eaton and others
who composed that Jury, to leave their fami-
lies for weeks, confine themselves in hot un-
healthy rooms, and undergo all the fatigues
att'd such matters, to be branded with
felony, when they emerge from the Jury
Room, for no other reason than they performed
their duty in accordance with their oaths,
and the dictated of their own consciences, in-
stead of being led by others? None what-
ever.

The Corporation Yard.

Below will be found the report of the Chief
Engineer, giving a statement of the actual expense
of the Department to the City for the past month.

From it we glean the fact that the total amount
expended for the repairs on fourteen Engines,
fourteen Hose Carriages and three Hook and
Ladder trucks, menning and preparing three
thousand feet of hose and purchase of material,
is \$625.25. It was worth the trial, the
keeping of the Corporation Yard for one month
to convince the Fire and Water committee, that
it is the most economical institution connected
with the Fire Department, and we glad to

know that the order has been given to continue
the Yard under the direction of the Chief Engi-
neer.

CHIEF ENGINEER'S OFFICE,
San Francisco, Jan. 16, 1856.

To the Fire and Water Committee of the
Honorable Common Council:

GENTLEMEN—I have the honor to submit the
actual expense of the Corporation Yard for the
month ending January 16th 1856:

Rent of Yard, \$100.00

Wm. Free for work done, 150.00

Charles Gray, for " " " 160.00

Oliver and Buckley for 1 bbl. neat
foot oil, and carriage, 92.00

Farwell & Curtis for 1 bbl. tallow
and carriage, 38.44

G. and W. Snook, for wire &c., 4.85

Water for Yard, 4.00

Total expense of Yard, \$625.25

There has passed through the Yard, this month,
some three thousand feet of hose that has been
repaired and slushed. There is still remaining
about six hundred feet to be repaired. I would
suggest the propriety of continuing the Yard, for
in my opinion if conducted properly, it will prove,
not only beneficial to the Department, but eco-
nomical to the City. I would likewise call your
attention to the condition of the different
cisterns, and more especially to the cisterns
on the corner of Kearny and Jackson, Clay and
Sansome, and Battery and Pine streets. Two of
these are empty and not capable of holding water.

Yours Respectfully,
J. E. NUTTMAN,
Chief Engineer.

Board of Delegates.

A special meeting of the Board of Delegates,
was held on Wednesday evening last, January
16th, 1856, at 7 o'clock.

President—Franklin L Jones in the chair.

The roll being called, the following members
answered to their names:—Messrs. Watson, Rand,
Vreeland, Hossefross, Silverthorn, Moore,
Blumson, Finnigan, Clapp, Reed, Hoffman, and
Mahony.

The call of the meeting was then read, being
for the consideration of the day of parade.

Mr. Mahony introduced a resolution that the
parade for the present year be indefinitely post-
poned. The resolution was adopted.

On motion the Board adjourned.

CARD OF THANKS.

At a Regular Meeting of the City Guard, held
at the Armory, January 11th, 1856, on their re-
turn from Sacramento, the following resolutions
were unanimously adopted:

Resolved, That in consideration of the many
kind courtesies and attentions bestowed upon
the members of the Fire Department by the members
of the Military of Sacramento, and others who
contributed to our comfort and pleasure,
we hereby tendered for their unbounded lib-
erality and generous hospitality, with the hope
that an opportunity may speedily be offered to
the City Guard for a more tangible and fitting
response to their many kindnesses and favors.

Resolved, That to our friends in arms, the
"Veterans Guard" and "Spartans," for
the escort to and from the boat, for the sumptuous
breakfast at the Orleans Hotel, and for other
courtesies, we are their eternal debtors.

Resolved, That to our namesake, "The
Guard," for their unremitted and assiduous en-
deavors, for their unwearied exertions to entertain
and add to our enjoyment, from the time of our
arrival until the present date on the "Furie," we
express our gratitude in a language nothing to
be equalled in the language of admiration, and
our hearty thanks for a speedy return, nothing to
be equalled in the language of gratitude.

Resolved, That to Mr. Hardcastle, of the
Orleans Hotel, we beg to tender our acknowledg-
ments for the timely and acceptable refreshments
furnished us just after the dismissal of the dress
parade, and in the afternoon, and we assure him
that he shall long keep in his affectionate
memory.

Resolved, That to the fair daughters of our
sister city, whose smiles lent additional charms
to our visit, and whose quick response, to the call
for an "impromptu" ball gladdened every heart,
favoring us with the light and grace of their
beauties, and adding to our pleasure, we are under
their obliging and amiable thanks and can assure them the
solider's heart and soldier's arms are ever at their
service.

Resolved, That to the officers of the steamer
"Defender" for their cordial reception of us, and for their
timely and assiduous exertions to entertain
and add to our enjoyment, from the time of our
arrival until the present date on the "Furie," we
express our gratitude in a language nothing to
be equalled in the language of admiration, and
our hearty thanks for a speedy return, nothing to
be equalled in the language of gratitude.

Resolved, That to the officers of the steamer
"Spartan" for their cordial reception of us, and for their
timely and assiduous exertions to entertain
and add to our enjoyment, from the time of our
arrival until the present date on the "Furie," we
express our gratitude in a language nothing to
be equalled in the language of admiration, and
our hearty thanks for a speedy return, nothing to
be equalled in the language of gratitude.

Resolved, That to the officers of the steamer
"Spartan" for their cordial reception of us, and for their
timely and assiduous exertions to entertain
and add to our enjoyment, from the time of our
arrival until the present date on the "Furie," we
express our gratitude in a language nothing to
be equalled in the language of admiration, and
our hearty thanks for a speedy return, nothing to
be equalled in the language of gratitude.

Resolved, That to the officers of the steamer
"Spartan" for their cordial reception of us, and for their
timely and assiduous exertions to entertain
and add to our enjoyment, from the time of our
arrival until the present date on the "Furie," we
express our gratitude in a language nothing to
be equalled in the language of admiration, and
our hearty thanks for a speedy return, nothing to
be equalled in the language of gratitude.

Mind the Name and Number!

if

Winn's Fountain Head,

OLAY STREET, OPPOSITE THE PLAZA

Search the city, North, South, East or West;

Winn's FOUNTAIN HEAD! Salmon's by the far best;

You not only find a sumptuous bill of fare;

But your eyes will also be feasted by the

Rich Tomato, the downy swan,

Glow like clouds, your feet rest on;

With a costly drapery in your feasts;

Give an apple to Winn's Salmon

WHALING & KENT'S General Undertaking

—AND—

Furnishing Establishment,

161 Sacramento St., 2 doors below Kearny, SAN FRANCISCO.

J. HORACE KENT has begun to announce to the public that in connection with his office as County Coroner, he has purchased from Thos. B. Cunningham, his entire interest in the concerns of Jno. W. Whaling & Co., Undertakers, and that the style of the firm hereafter will be Whaling & Kent.

The establishment having been thoroughly refitted, we are now prepared at all times to attend to funerals with promptness and dispatch, having received a large invoice of Undertaking materials from New York.

Having also on hand a large stock of

LEAD AND METALLIC COFFINS,

We are at all times prepared to disinter bodies and prepare them so that they can be forwarded with safety to any part of the world, without danger of further decomposition.

FISK'S Patent Metallic Burial Cases, AND CORSE PRESERVERS.

The subscribers having received the right of sale of the above Burial Cases, and are prepared to furnish them in the Atlantic States.

The advantages claimed in the use of "Fisk's Metallic Coffins" for preserving the dead, are simple in their nature, and the manner of using them is so simple that any person can do so by himself, and the disintering of bodies is rendered safe and ready, because they answer the purposes they were originally intended or designed for, viz. the preservation of the dead, so that they can be forwarded to any part of the world with safety, allowing sufficient time to gratify surviving friends who may be absent, and then to be buried in the most appropriate and convenient manner, without danger of further decomposition.

WHALING & KENT,
